PROXY STATEMENT

**FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD MAY 6, 2003**

This Proxy Statement is furnished to stockholders of Harte-Hanks, Inc. ("Harte-Hanks" or the "Company") for use at the 2003 Annual Meeting of Stockholders to be held on Tuesday, May 6, 2003 at 10:00 a.m. at 200 Concord Plaza Drive, First Floor, San Antonio, Texas 78216 and for the purposes set forth in this Proxy Statement and in the accompanying Notice of Annual Meeting of Stockholders, or at any adjournment thereof. The enclosed proxy is solicited on behalf of the Board of Directors of the Company. A stockholder voting by phone, by Internet or by executing the accompanying proxy has the right to revoke it at any time prior to the voting thereof by notifying the secretary of the Company in writing, executing a subsequent proxy or attending the meeting and voting in person. Unless a contrary choice is so indicated, all votes sent via telephone or the Internet or all duly executed proxies received by the Company will be voted in accordance with the instructions set forth on the proxy card. The record date for stockholders entitled to vote at the Annual Meeting is the close of business on March 14, 2003. The approximate date on which this Proxy Statement and the enclosed proxy are first being sent or given to stockholders is March 28, 2003.

VOTING PROCEDURES

The accompanying proxy card is designed to permit each stockholder of record at the close of business on the record date, March 14, 2003 (the "Record Date"), to vote in the election of Class I directors, as further described in this Proxy Statement. The proxy card provides space for a stockholder (i) to vote in favor of or to withhold voting for the nominees for the Class I Directors; (ii) to vote for or against any other proposal to be considered at the Annual Meeting; or, (iii) to abstain from voting on any proposal other than election of Class I directors if the stockholder chooses to do so. The election of Class I directors will be decided by a plurality of the votes cast. Any other matters properly brought before the meeting will be determined by a majority of the votes cast, except as otherwise required by law or applicable stock exchange rules.

The holders of a majority of all of the shares of stock entitled to vote at the Annual Meeting, present in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. If a quorum should not be present, the Annual Meeting may be adjourned from time to time until a quorum is obtained. Shares as to which authority to vote has been withheld with respect to the election of any nominee for director will not be counted as a vote for such nominee.

Brokers who hold shares in "street name" for customers are precluded from exercising voting discretion with respect to the approval of non-routine matters (so called "broker non-votes"). Accordingly, absent specific instructions from the beneficial owner of such shares, brokers are not empowered to vote the shares with respect to the approval of such non-routine matters. With respect to the election of directors and other routine matters, a broker will have discretionary authority to vote the common shares if the beneficial owner has not given instructions. Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business.

If you are not voting by telephone or the Internet, stockholders are urged to sign the enclosed proxy and return it promptly. When a signed card is returned with choices specified with respect to voting matters, the

shares represented are voted by the proxies designated on the proxy card in accordance with the stockholder's instructions. The proxies for the stockholders are Lary Franklin and Houston H. Harte.

If a signed proxy card is returned and the stockholder has made no specifications with respect to voting matters, the shares will be voted FOR the election of the three nominees for Class I director, and at the discretion of the proxies on any other matter that may properly come before the Annual Meeting or any adjournment.

The total outstanding capital stock of the Company as of March 14, 2003 consisted of 90,001,387 shares of common stock (the "Common Stock"). Each share of Common Stock is entitled to one vote.

The enclosed proxy is solicited on behalf of the Board of Directors of the Company. The cost of soliciting proxies in the accompanying form will be paid by the Company. Officers of the Company may solicit proxies by mail, telephone, Internet or fax. Upon request, the Company will reimburse brokers, dealers, banks and trustees, or their nominees for reasonable expenses incurred by them in forwarding proxy materials to beneficial owners of shares of the Common Stock.

MATTERS TO BE BROUGHT BEFORE THE MEETING

Election of Class I Directors

The current number of members of the Board of Directors is eight. The Board of Directors is divided into three classes, each of which serves for a three-year term. One class of directors is elected each year. The term of the Company's three Class I directors will expire at the Annual Meeting. The Class I directors elected in 2003 will serve for a term of three years, which expires at the Annual Meeting of Stockholders in 2006 or when their successors are elected and qualified. The election of directors will be decided by a plurality of the votes cast.

The nominees for Class I directors are David L. Copeland, Peter T. Flawn and Christopher M. Harte. Each nominee is a member of the present Board of Directors. The Board believes that each nominee will be available and able to serve as a director. If a nominee is unable to serve, the shares represented by all valid proxies will be voted for the election of such substitute as the Board may recommend, or the Board may reduce the number of directors to eliminate the vacancy consistent with the requirement to maintain nearly equal classes, or the Board may fill the vacancy at a later date after selecting an appropriate nominee.

Information with respect to the nominees is set forth in the section of this Proxy Statement entitled "Management — Directors and Executive Officers."

Equity Compensation Plans not approved by stockholders	N/A	N/A	N/A

- (1) Options to be issued under the 1991 Stock Option Plan.
- (2) Includes 278,362, 3,212,655 and 2,150,167 shares available under the Director Stock Plan, the 1994 Employee Stock Purchase Plan and the 1991 Stock Option Plan, respectively.

Pension Plans

The Company sponsors a defined benefit pension plan qualified under Section 401 of the Code (the "Defined Benefit Plan"). Also, the Company has established an unfunded, non-qualified pension restoration plan, which became effective on January 1, 1994 and was amended and restated on January 1, 2000 (the "Restoration Plan"). The Defined Benefit Plan was frozen as of December 31, 1998, and no further benefits will accrue under that plan. In addition, the Code places certain limitations on the amount of pension benefits that may be paid under qualified plans. Any benefits payable to participants in excess of amounts permitted under the Code will be paid under the Restoration Plan.

The annual pension benefit under the Restoration Plan and the Defined Benefit Plan, taken together, is largely determined by the number of years of employment multiplied by a percentage of the participant's final average earnings (earnings during the highest five consecutive years). Participation in the Restoration Plan is limited to those employees of Harte-Hanks who are designated by the Board of Directors as eligible. All benefits payable under the Restoration Plan are to be paid from the general assets of the Company, but the Company is not required to set aside any funds to discharge its obligations under the Restoration Plan.

The table below may be used to calculate the approximate annual benefits payable at retirement at age 65 under the Company's defined benefit pension plan and pension restoration plan to individuals in specified remuneration and years-of-service classifications. The benefits are not subject to any reduction for social security benefits or other offset amounts.

The compensation included in the Summary Compensation Table under salary and bonuses qualifies as remuneration for purposes of the Company's defined benefit pension plan and pension restoration plan, except that there are limits on the amounts of bonuses taken into consideration under the pension restoration plan. For purposes of the plans, the officers named in the Summary Compensation Table have the following years of service:

- Mr. Franklin: 31 years;
- Mr. Hochhauser: 27 years;
- Mr. Gorman: 22 years
- Mr. Kerrest: 6 years;
- Mr. Dall'Acqua: 21 years; and,
- Mr. Skidmore: 8 years.

Compensation of Directors

In 2002, directors who are not employees or otherwise affiliates of the Company received annual director's fees of \$47,000 and were reimbursed for certain out of pocket expenses. Directors who are employees or are otherwise affiliates of the Company do not receive director's fees. Under the Harte-Hanks, Inc. 1998 Director Stock Plan non-employee directors may elect to receive all or a portion of the cash compensation otherwise payable for such director's services in Common Stock based upon fair market value. During 2002, David L. Copeland, Dr. Peter T. Flawn, William K. Gayden, Christopher M. Harte and James L. Johnson each received director's fees in cash or in stock of \$47,000.

Effective January 1, 2003, annual director's fees have been set at \$50,000, and directors will also receive \$2,000 for each Board meeting attended. The chairs of the Audit Committee and the Compensation Committee also will receive annual fees of \$5,000 and \$3,000, respectively.

Severance Agreements

The Company has entered into a severance agreement with Richard Hochhauser. If (i) Mr. Hochhauser is terminated from his position as Chief Executive Officer of the Company other than for "cause" (ii) Mr. Hochhauser terminates his employment after specified adverse actions are taken by the Company, or (iii) there is a "change in control" of the Company, then in any of such events Mr. Hochhauser will be entitled to severance compensation in a lump sum cash amount equal to 200% of the sum of (A) the annual base salary in effect just prior to such event, plus (B) the average of the bonus or incentive compensation for the two fiscal years preceding such event. In addition to the cash compensation, the Company will continue to provide certain benefits for a two-year period and all options previously granted to Mr. Hochhauser will immediately vest and become fully exercisable. As used in the severance agreement, "cause" means that the executive committed an intentional act of fraud, material damage to Harte-Hanks' property or wrongful disclosure of Harte-Hanks' secret processes. "Change in control" means: (1) the Company is merged, reorganized or sells substantially all of its assets and after such transaction less than 60% of the combined voting power of the surviving corporation is received in exchange for securities of Harte-Hanks, or (2) any person has become a beneficial owner of securities of Harte-Hanks, which when added to any securities already owned by such person would represent in the aggregate 30% or more of the combined voting power of the then outstanding securities of Harte-Hanks.

The Company has also entered into severance agreements with each of its other executive officers. If after a "change in control" of the Company, any of such executives is terminated other than for "cause," or elects to terminate his employment under specified circumstances, the executive will be entitled to severance compensation in a lump sum cash amount equal to 200% (except for Messrs. Blythe and Goldberg and Ms. Huff who are entitled to severance compensation equal to 100%) of the sum of (A) the annual base salary in effect immediately prior to the change in control, plus (B) the average of the bonus or incentive compensation for the two fiscal years preceding the change in control. In addition, a terminated executive will receive a cash payment

sufficient to cover health insurance premiums for a period of 18 months. Upon a change in control, all options (50% of such options for Messrs. Blythe and Goldberg and Ms. Huff) previously granted to the executive will immediately vest and become fully exercisable. Under limited circumstances certain of such executives may be entitled to the foregoing benefits upon termination of employment before a "change in control" occurs. As used in these severance agreements, the terms "cause" and "change in control" have the same meanings as used in Mr. Hochhauser's severance agreement.

Report of the Compensation Committee on Executive Compensation

The Compensation Committee of the Board of Directors is responsible for recommending to the full Board of Directors salary amounts for the Company's Chief Executive Officer and other executive officers and making the final determination regarding bonus arrangements and awards of stock options to such persons.

Compensation to executives is designed to attract and retain superior talent, to motivate the performance of executives in support of the achievement of the Company's strategic financial and operating performance objectives, and to reward performance that meets this standard. The Company is engaged in highly competitive businesses and must attract and retain qualified executives in order to be successful. In 2002, executive compensation comprised the following elements:

Base Salary. The base salary for the Chief Executive Officer and the other executive officers of the Company was determined after review of publicly available information concerning the base salaries of executives with similar responsibilities in companies engaged in businesses similar to the Company's core businesses (which may include, but are not necessarily the same as, those included in the Peer Group Index Graph contained in the Company's Proxy Statement) and the responsibilities of each executive officer.

Annual Incentive Compensation. Year-end cash bonuses are designed to motivate the Chief Executive Officer and the other executive officers to achieve specific annual financial and other goals based on the strategic financial and operating performance objectives of the Company overall, as well as each core business. In conjunction with the Compensation Committee's review of the strategic and operating plans of the Company and each core business at the beginning of 2002, the Compensation Committee established incremental target performance levels for each executive officer based on the revenue, operating profit and earnings per share growth goals of the Company and the related financial goals of the core businesses. Bonus amounts were paid to the executive based on the target performance level reached.

Stock Option Plan. The Harte Hanks, Inc. Amended and Restated 1991 Stock Option (the "1991 Plan") forms the basis of the Company's long-term incentive plan for executives. The Compensation Committee believes that a significant portion of executive compensation should be dependent on value created for the stockholders. Stock options are generally granted annually. In 2002, options were granted at fair market value on the date of grant and become exercisable in installments over five years from such date if the option holder is still employed. In selecting recipients for option grants and in determining the size of such grants, the Compensation Committee considered various factors including the overall performance of the Company and the recipient.

Executives also receive benefits typically offered to executives by companies engaged in businesses similar to the Company's core businesses and various benefits generally available to employees of the Company (such as health insurance).

It is the Company's policy to qualify compensation paid to executive officers for deductibility under applicable provisions of the Code, including Section 162(m). The Company, however, may determine from time to time to pay compensation to its executive officers that may not be deductible.

In making its decisions, the Compensation Committee takes into account, primarily on a subjective basis, factors relevant to the specific compensation component being considered, including compensation paid by other

companies of comparable size in businesses similar to the Company's core businesses, the generation of income and cash flow by the Company as a whole and the individual core businesses, the attainment of annual individual and business objectives and an assessment of business performance against companies of comparable size in businesses similar to the Company's core businesses, the executive officer's level of responsibility and the contributions the Company expects the executive to make in support of the Company's strategies.

2002 Compensation of Chief Executive Officer. Mr. Hochhauser became the Chief Executive Officer on April 1, 2002. The base salary of Mr. Hochhauser for 2002 was the same as his base salary in 2001. Effective April 1, 2001, in response to actual and expected revenue shortfalls, the salaries for Mr. Hochhauser and all other executive officers were reduced by 5% for the remainder of 2001, which reduction remained in effect until September 1, 2002. Mr. Hochhauser's bonus potential was targeted at 50% of base salary, with a potential range of 0%-100% of base salary.

Mr. Hochhauser's 2002 cash bonus, which was based on the degree of attainment of financial goals established at the beginning of 2002. In 2002, Mr. Hochhauser received option grants for 325,000 shares of Common Stock under the Company's 1991 Plan, and in making those grants the Committee took into consideration Mr. Hochhauser's promotion to Chief Executive Officer in April 2002, as well as the factors described above under the caption "Stock Option Plan."

REPORT OF AUDIT COMMITTEE

The Company adopted a written Audit Committee Charter, which was filed with the Securities and Exchange Commission (the "SEC") on the Company's Proxy Statement on March 23, 2001. The functions of the Audit Committee are focused primarily on three areas:

- Monitor the integrity of the Company's financial reporting process and systems of internal controls regarding finance, accounting and legal compliance;
- Monitor the independence and performance of the Company's independent auditors and internal auditing department; and
- Provide an avenue of communication among the independent auditors, management, the internal auditing department and the Board of Directors.

Management is responsible for the adequacy of the Company's financial statements, internal controls and financial reporting processes. The independent auditors perform an independent audit of the Company's consolidated financial statements, express an opinion as to whether those financial statements fairly present the financial position, results of operations and cash flows of the Company in accordance with generally accepted auditing standards, and issue a report thereon.

The Audit Committee is responsible for monitoring and overseeing these processes. The Audit Committee functions are not intended to duplicate or certify the activities of management or the Company's independent auditors, nor can the Audit Committee certify that the Company's independent auditors are "independent" under applicable Securities and Exchange Commission and the New York Stock Exchange rules. The Audit Committee meets with management periodically to consider the scope and adequacy of the Company's internal controls and the objectivity of its financial reporting and discusses these matters with the Company's independent auditors, the internal auditors and appropriate Company financial personnel. The Audit Committee meets at least semi-annually privately with both the independent auditors and the internal auditors, each of which has unrestricted access to the Audit Committee and can meet with the Audit Committee at any time upon their request. The Audit Committee is responsible for the appointment of the independent auditors and reviews periodically their performance and independence from management.

In addition, the Audit Committee reviews the Company's financial statements and reports recommendations to the full Board for approval and to authorize action. It is not the Audit Committee's duty or responsibility to conduct auditing or accounting reviews or procedures. In rendering this report, the Audit Committee has relied, without independent verification, on management's representations that the financial statements have been prepared in conformity with generally accepted accounting principles and on the representations of the Company's independent auditors included in their report on the Company's financial statements. The Audit Committee's considerations and discussions with management and the independent auditors, however, do not assure that the Company's financial statements are presented in accordance with generally accepted accounting principles, that the audit of the Company's financial statements has been performed in accordance with generally accepted auditing standards, or that the Company's independent auditors are in fact independent.

In performing its oversight role, the Audit Committee reviewed the audited consolidated financial statements for the 2002 fiscal year and met and held discussions with management and KPMG LLP, the Company's independent auditors, to discuss those financial statements and the audit related thereto. Management has represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles.

The Audit Committee discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61, which includes among other items, matters related to the conduct of the audit of the Company's financial statements. The independent auditors also provided the Audit Committee with

written disclosures and the letter required by Independence Standards Board Standard No. 1, which relates to the auditors' independence from the Company and its related entities, and the Audit Committee discussed with the independent auditors their independence.

Based on the Audit Committee's discussions with management and the independent auditors, as described above, and upon its review of the representations of management, the internal auditors and the report of the independent auditors, the Audit Committee recommended to the Board that the Company's audited consolidated financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2002, as filed with the SEC.

The Audit Committee recommended to the Board that KPMG LLP be employed as the Company's independent auditors to conduct the annual audit and to report on, as may be required, the consolidated financial statements that may be filed by the Company with the SEC during the ensuing year.
